Fruit Ridge Notes - Wednesday - January 9th - 2019

...Hello Friends ...

Well, So far I'm doing pretty doggone OK with the 2019 thing... instead of inadvertently saying+writing 2018....

I Recall as a Teen referencing "2020" as the far distant FutureHow far-out-strange 2020 was seemingly going to be ???

Well, that was 50 years ago ...and Here we almost are.... And Yup ...It's seems to be getting seriously more strange and stranger.

*** Have You Got Your New MSU-E-154 Commercial Fruit Growers Michigan Fruit Management Guide yet ...???

I seriously encourage you to grab yours asap and begin getting thru it ... There's a wealth of Info in the E-154

Take at least 10 minutes to ponder Pg.82...the 'Apple Pest Guide'and Pg.162...the Tart Cherry Pest Guide. These Pages are so huge helpful for your Timings on specific Applications.... Showing you the "Critical-Control-Periods" and also the "Possible Control Periods" ...

This guide gives You Season-Long-Time-Frames for the various Life-Stages of our Key-Pests and the best time to Control them.... You need to always factor in your DegreeDays...

These Pages are a Huge Help.

I think you can find the E-154 on the MSU WebSite for like \$30...??

And....If you have done a lot of \$\$\$Volume-Bizz\$\$\$ with us--RGSs--We likely already got you one....?? or will be handing you one at UpComing Meetings...??

***If You have Serious Interest in that Agr.Assistance Winter Fruit Grower Meeting ...???

... on Tuesday March 5 - 2019 ...????

If you're a agr.news Subscriber, you already rec'd your Notice..... Remember... You're

paying \$500-per-Year for agr.news ...and this is just another one of the Perks ...

Here's acupla more Agenda Details....

Our **"Reisters Grower Services Winter Meetings & Expo"** are conducted almost exactly like Alicandros Big Winter Meeting..... We have 15-20 of our Fave Vendors participating with Exhibitor Booths ... and Some of them do a PowerPoint Presentation... the Others give a very short "Shout-Out" with 2 or 3 of their Fave-Product-Bullet-Points We have a 'Continental-Type-Breakfast' ... Lots of Breaks & Refreshments and Door-Prizesa superb Lunch and you get lots of ReCert-Credit-Points for your RUP-License just for being there listening & learning and filling out your 'bubble-sheet'....

Jeff & Lindsay and Company operate in a fairly Close-Knit-3-County Area so they can get away with 1 Big Winter Meeting. RGSs is too much All-over-the-Place.... so we do the Ridge Meeting and the SouthWest-Mich-Meeting ...and the NorthWest-Traverse City Meeting We've been seeing between 75 & 90 of You at each of those.... Very happy and thankful for your participation.
