Fruit Ridge Notes - Monday - December 16 - 2019 - Special Report

Greetings Friends !!!!

This FRNs is a Special Report of 2 Issues... a **ReCap of the GLExp
... And a very incredible but short ***Educational Piece from the Big
Boss at Redox...**Darin Moon.**

****It was so Great** to see Sooo Many of You All at the Great Lakes Expo-
-Grand Rapids last Week !!!!

We convened several Meetings with our RGSs Sales Reps and
Manufacturer Pals ...and enjoyed many meaningful & enjoyable
discussions at the Super Booth.

We were very pleased with the "Traffic" at the Show... which I thot just as
good maybe better than previous years...??? Some of the other Vendors
were displeased ...but ...Our SuperBooth is right in the Center of the
Hall.... Row "800" is right straight ahead as you enter the Center Doors
of the Hall... I think that really helps... Great Job Deanna and DeeTeam
on setting up all the Details & Planning.

***** This Piece** Attached is a short but JamPacked Info-Nutrient-Data
Synopsis that You All will find very Interesting I am sure. Please- Please
take a sec to look at it. This Darin Guy is a Genius. He started Redox over
20 Years ago... and now has several of the Top Agronomists in the
Country working for him !!!

...and his Children are also involved in the Operation up-to-their-
eyeballs !!!!Which means.... Legacy ...Darin wants every move made
strategically and deliberately and perfectly correctly

....thereby enabling his Kids and the Companys Future to proceed &
progress strategically--deliberately--perfectly correctly.
