NewsLetter, they are all archived there when you Clic on '[Fruit Ridge Notes](#)'Like the last 200 or more NewsLettersgoing back acupla Years And.... You will always see some Timely [Reminders](#) out front on the Home Page And also under [Products](#), you will see a lengthy list of our Faves...

But remember that we do indeed handle apprx 1000 Products...Just about any-all Pesticides you could ever need-want....and All the Right Nutrient Products. We do not handle any Products that are a real detriment to your Farm & Soils & Plants & Production..... or any of those Products that we know to be a Rip-Off....Products that nobody should ever use...Never.

The only other time we maybe do not carry a specific Product, is when we find out that the BNR down the Street is selling it at a Retail Price less than what we can buy it for. In that case we try to find out which BNR is the cheapest, so we can inform Ya'll where the best place to get it might be.

And.... Ya know what ...??? Alicia handles the WebSite ...Making all changes etc. We dont have a specific Service that we pay to do that. Alicia just GittsRDunn... We so appreciate Alicia !!

Happy Tuesday Afternoonr
