## Fruit Ridge Notes - Thursday - October 15 - 2020

### Greetings Friends....

#### Wow.... The Weather surely Took a Dive...

Now the 10-Day from WunderGround is only saying 3 Days of just only a bit of SunShine...

...and Saying 'Mostly Cloudy' on those 3 Days !!!...and *No Sun the other 7 Days !!!!!*

The projected 10-Da-Avg-Highs dropped some more...at 53°F now... with the Avg-Lows at 36°F...

Rain Tomorrow--Sunday--Tuesday--Wednesday--Thursday--

Friday... 😞 😞

Winds over 15 mph Today-Friday-Saturday...Doggone Cold-UnComfortable-Crap... 😞

*Kinda **Interesting** ....I heard a sensationalist on the MSMedia frantically exclaiming some issues referencing the Weather...the Hurricanes... the Tropical Cyclones... Claiming the Man-Made-Causes of these extraordinary events... But...*

*.... The Real-Deal-Science---the Facts are... these are Not Extraordinary... Nothin unusual... Theres been many years in history with more big Storms & Hurricanes... and then you have years like 2014 when there was only one [1]... It all runs in a Cycle... It's Cyclical... Its the way the Planet Earth moves in relationship to the Sun... It is most definitely accurately called "'Climate-Change'"...but it's not changing into anything Earthlings haven't seen before.*

*I read one Scientific-Analyst stating that the Wild-Fires in California have put more crap & crud into our atmosphere than Mankind can do in 25 - 50 Years... Depending on the measuring instrumentation he was using... 😞 😞*

On **October 15** - 1948 -- the Late Gerald R. Ford married Elizabeth Anne Bloomer....

Ford grew up in Grand Rapids... Played FootBall at U.of M....was MVP in his Senior Year... Served his Country in W.W.II
