## Fruit Ridge Notes - Friday - March 8th - 2019

**Greetings Friends ...  
It stays Wintry.  
But 40°F. Tomorrow...???**

**\*\*\*\*And ...a Couple of long range Forecasters for the West Central Michigan area are saying that our Lows will be at 32°F or less through March, with the exception of 3 nights where the temps may be 33, 35, and 41 degrees.**

The Highs are to be ....

5 days in 30s

12 days in 40s

5 days in 50s

So....OverAll.... Pretty Doggone nice for gradual Bud Development for all the Fruit Guys.

**\*\*\*\*Serious Heads Up....**

Some L.L.L.L.Liberals in N.Y.State Legislature are trying to make a big Name for themselves at the Expense of their Constituents.

They've introduced a Bill that would make Chlorpyrifos Lorsban, and Diazinon illegal after Jan.1....2020.

This of course gets a whole bunch of the wrong Folks all excited and nervous and scared ....

....like Aldi ...Meijer ...WalMart Foods ... and all of our Sales Broker Guys we all work with ... and our Processor Folks ....

It's huge important for you to keep seriously close tabs on what your own Buyers are saying.... and Document it.

Many of you Smart Money Guys have always Maxed Out the 2 Qt.4E and 2 Lbs.Diazinon ....for a total of \$34-Acre. If this "Big Scare" by N.Y.Liberals actually works ...and our Brokers tell us not to use them, we'll need to be prepared to do some Chemistrys for SJS and Woolies that are 3X and 4X the \$\$\$ that we are accustomed to.

Just simply awful.... Thanks to N.Y.... I think the Fed will likely jump on this idiotic NY Bill.... and officially screw us over collectively.

**\*\*\*\*I Spoke to Alicandros Grower Group and to the North East Crop Consultants Conference Group earlier this week.... With the exception of a few HighDollar Varieties....???? Those Guys are not making any serious money either.**
