Fruit Ridge Notes - Thursday - August 29 - 2019

Hope You Are All Well

Very Breezy ... Actually Windy here at Noon-Time- Fruit Ridge Office...

WunderGround calls for 75% Chance T-Storm late this afternoon...Early Evening And again next Tues-AM... They say it could hit 80* today and almost 80* again next Tuesday..... All other Highs in the 70*s....

**** Approaching Apple Harvest Days-PHI Concerns... Safe Legal Insecticides ???

Most of You have not even come close to a Seasonal-Limit with any of my fave Chemistries... Like **6** Apps Mustang Maxx[7 Da.PHI] at Full-Rate...?? ...or **4** Apps of original Warrior 1EC[21 Da.PHI] at Full-Rate ?? ...or **7** Apps AsanaXL [21 Da.PHI] @ Full-Rate...??? ...**5** Apps of full-rate-3.2 oz-Ac-Generic-Provado-*Imidacloprid 4F* [7 Da.PHI]

But ... 😞..Baythroid ...??? 7-Da.PHI ...only allows 1 App 2.8 oz-Ac - per - Season on Apple....??? ...Kinda Weird...???

What are weabout 30-40 Days-Away-PHI...on several Varieties...??? I always try to Remind Ya'll that you never want to use less than the Full Rate of any of these Pyrethroid-Dirt-Cheap-Type-Products that are costing you "*Almost-Free*" per-Acre. And also like the Imidacloprid... generic 'Provado'.... \$2.60-Ac.@ Full-Rate.... These are most Assuredly **not** the place to cut Rates...

If I had a very persistent ugly issue with C.Moth...?? ...or some other tough ones... I'd be doin 2 - 3 Lbs. Imidan in the Tank with Imidacloprid and MustangMaxx.... All 3 are different Chemistries with serious Strong-Suits.

If you have any Tourism03.5SC ...?? Use it. Got Belt4SC...??? Use it.... Those are going the "EPA-Away"might as well use them up. Rated "E" on CM...

**** Tomorrow.... Fridayof the Labor Day Weekend. We will be Closed **Saturday-Sunday-Monday**....

But... If you get into a bind, and have an emergency....call me...616-437-0073... or Matt...616-808-9774

**** **Blues Guys and Apple Orchard Visits Plugged In**

.... Several of our Grower-Faves that are Huge into the Redox Strategy have invited me to come and Eye-Ball-Witness the Rewards of their efforts. These Guys havent done any of the Traditional-N-P-K-Conventional-Granular-Fertilizers in 8 Years.... They have '*Stopped-the-Bleeding*'...

Really Impressive Production & Quality is typically reported..... like expected and normal.

And most..almost all... show me the numbers how they are actually only spending 50% - 70% of what they used to.

And.... they haven't "Limed" in 8 Years either.

Linda & I usually like to do these togetherand I dont get much Desk-Time those days. So the *Fruit Ridge Notes* will be getting skimpy and less Frequent...

**** **CA.Room-Lime... Yes.... Trucks are Rollin...**

Need some...??? Talk to **Nancy** here Office--**616-887-9933**----**616-678-7708**....

If you don't need a Full-Truck-Load.... She can get you into a TruckLoad together with 1 or 2 of your Neighbors.... The Truck will Deliver to the one of you that needs the most Pallets of Lime, or to the one of you that has the best Truck-Dock-Facility. Deliveries always come in a Van-Body-Trailer...usually 53 Footers...

On this day in **1949**, the USSR Tested it's first Atomic Bomb.... Most Insiders believe it was a replica of our "Fat-Man-Bomb" ... the detailed Secrets of which were delivered to the Soviets by Spies at the Manhattan Project, where we developed the Bombs used on Hiroshima and Nagasaki to end WWII ...

Gods Peace
