It's a WinterWonderLand ... Again

Didn't really hurt anything tho... Did it...???

Its gonna be Warmer Tues-Wedn-Thrs then Friday - Saturday in the 50s... and thereafter in the 60s.

Income **Tax** "DeadLine-Day" ...?? ...unless you do the 'Extension' thing

******Some almost-Serious chances of Precip....???**thru Saturday...??

Apple Guys.... Ya gotta be very watchful now....especially where there was any Scab last year.

Just keep it simpleUse the "Alternate-Center-Appln-Strategy" ...Every Monday & Thursday to get 1 Complete Cover every Week.

Start your Program as soon as there's enuf Green to 'catch-a-spore'....

******Alicandros Guys - Wayne County** N.Y. are in their 1st Scab-Infection right now.

Their CapToZeb Apps 'Reach-Back' 24 Hours. Jeff has proven that the Combo "CapToZeb" works better vs.Scab that either Product does by itself.

******Remember**....No Oils ...and No Sulfurs in with or anywhere near Captans.

I kinda like the ol Sulfurs, but it just not worth the hassle.

I really DisLike the Oils, as they are just a crazy nuisance ... a really time-consuming-mess-maker.

A bunch of Smart Money is doin the 1 Qt.-"005" for 2 Complete Appls ... the 1st Week and the 2nd Week

...and Where they are a bit nervous about the Weather, they are putting a LowRate EBDC or Captan or CapToZeb with it.

******Holy Week... We** will be closed this coming "**Good Friday**"

******Today is the Day ...** To get your Best-**Guesstimate** sent in via Email...

....**About** what day you predict for the **1st-Official-Scab-Infection@Sparta-Station-Krafts**as Certified by Amy-MSU.

Be sure to mention if the start of the Infection Event will be in AM or PM.... and send it in Today !!!
