Fruit Ridge Notes - Saturday - June 15 - 2019

Hello ... Well, the Monsoons Continue....

It Rained a Bit Yesterday Afternoon here - Kent City.

We are Feeling so bad for our Row-Crop-Corn-Bean-Pals that have to many Seeds still in the Bag.

And also for those Guys that had to "*Blow-It-On-In-the-Wind*" and have some Secondary Scab now showing up in Apples....

*****Parka ...Does not Like Captan.... Parka** wants at least a week between Captan and Itself.

.... on Sweets.... The Label calls for 1st Appln at 100% Shuck-Fall...and the 2nd Appln at "Straw"

Use 1 Ga.-per-100 ga.Water and get very good coverage. Big Trees and Younger Trees ...1 ga.Parka-per-100 ga.Water. The key is Excellent Coverage.

If you have very Full-Production sized Trees, you should probably use close to 80 GWA.

Parka on **Blues** Do 1st Appln when Fruit is 5-6-7 mm in size. Use 2-3 Qts-Ac-Get Excellent Coverage. Repeat Appln every 15-20 Days. You want 3 Apps.

Parka on **Honeys & Gala & Fuji**--Etc.... You did your 1st App at 100% Petal-Fall.... 2nd App is 25 - 30 Days later. The 3rd App is 25-30 Days after the 2nd App.

*****Summer Diseases - Apples** Most of these Pests like the Cold-Damp-Crap....

In late Summer when we get some Cool-Wet-Dewy-Nights the FlySpeck and SootyBlotch really get revved up.

Remember the **"1-2-3"**...??? You remember nothin came thru that in the Trials....3 Years straight.

Thats **1 Pt** CS2005... **2 Pt** Regalia... **3 Pt** FormulaII-SW/K-Phite7LP.

The **1-2-3** delivers 3 Bactericides, 3 Fungicides, 2 SAs, 'P', 'K', Zn, BioStimulant.... Delivered with huge Systemic Activity and bringing the advantages of some incredible "Inerts". And Tank-Mixes with all of the other stuff we want to do.

****** OK On MY Soap-Box....**

It's Saturday, right...????

I Would Bet I'm Hoping...

....**that** a huge percentage of You have been listening and reading the Real-Deal-Real-Truth-No-Bull-Crap News like on *CBN....*One News Now ... *AFR-Talk ... Several other sources.... When they tell the Real-Science from the Real Actual Certified Scientists, about the Climate Change... Global Warming thing...???

They had 30,000 Real-Deal-Scientists step forward and explain how it is all just a hoax. No facts... Just propaganda hype..... all in an effort to justify ridiculous Energy-Related new Taxes. All a Lie. The Actual Facts are that we are on the front-edge of a long-term Global-Cooling. The Ice is Building on the World-Wide Scale.... Building, more than it is melting.

I am convinced that these Real-Deal-Guys have the Facts...and this will certainly never be told on the CNNs, MSNBCs, CBSs, ABCs...Etc..... because it just does not fit comfortably into their Agenda.

OK....Thats it... Done.

Warmest Regards to All.....r
