## Fruit Ridge Notes - Monday - June 10 - 2019

**Wind and Subsiding Rain Here..... M-37 & 17 Mile & Fruit Ridge Ave....**

**Did you ever notice how these 3 Roads form a Triangle....**

.....and that **Reisters Grower Services** is the only Business inside that Triangle...???!!!!!  

.....and of course our Kid **Dr. J** has his Practice here in our Offices as well. 

**\*\*\*\* Hoping Most All of You .... Saw Amys EMail Blurb yesterday....**

She caught plenty of **Scab** Spores ...telling us Primary Scab is very much **OnGoing**.

She says she looks at a couple UnSprayed Blocks ...and finds "Sheet-Scab".... She says that normally indicates that it was not a very easy Scab-Control-Season.

She says to keep carefully monitoring for any symptom of Secondary Scab.

**\*\*\*\* I noticed in this Mornings "'agr.news'"** that in the Featured Technology section it has the **Redox "'MainStay-S.I.'"** ...a Calcium and Silicon Nutrient .... This is the one that some of You Guys are using in your Redox Strategy Program and having excellent success eliminating Bitter Pit in Honeys.

Some of you guys have showed me your Results where you haven't had any B.Pit for at least 2-3 Years now... None... Zero.... and Getting fantastic "'Pack-Out-%%%" ... and All the Money.

Honeys with a bunch of Red Color and also Honeys with only 15%-20% Red color .... No B.Pit... All the Money.

**\*\*\*\*Our Friend John Steffens** passed away last Thursday. He was a grand Gentleman and will be sorely missed.

Visit with Friends Today-- Beuschel Funeral Home - 5018 Alpine Ave. Comstock Park 2p - 4p ... and 6p - 9p ...Vigil Service at 8.30p.

The Funeral is 11a tomorrow... Holy Trinity .... 1200 Alpine Church Rd... Comstock Park.

John and his Bride Sharon were married almost 60 Years. Lots of great Kids and Grand Baby Blessings.
