Fruit Ridge Notes - Tuesday - September 17th - 2019

Hello Friends

Most All of the ForeCasters are Talkn No Rain til Sat.PM-Sun-Mon & next Wedn....

...and Talkn all High 70's*F until those Rains come. Some Low 80's. The Forecasted Sunshine of course is welcomedBut I'm wishn those 80*F were 68*F instead ...

Heat & Humidity can actually rob us of Fruit Color that's already established.... Dulls it way down.

And this Wet-Grass still at Noon...??? Sooty-Blotch & FlySpeck love this sogginess...

*****I See Some Empty Totes** comin back in Thank You... That helps keep our Costs-Down.

We do get charged "Deposit" on some Totes ...but not on all. And we decided not to pass that Fee on to our Grower Pals...

*****Yes..... Nov.14 is that Dead-Line-Date** on the Paraquat 3SL. Get your Order in ASAP.

When I think of all the Blueberry Acreage... and the Young-Hi-Dollar-Beautiful-New-Apple-Plantings.... I'm reminded of how much Damage Glyphosate does to those... and what a real advantage we have with using Paraquat3SL.

Also Note....That "NonPerformer" *Gramoxone 2L* is also in on this same Issue. If you cannot find the **3SL**, just dont pay over \$10-Ga-for the NonPerformer-2L....

All my Guys say Ya gotta use at least 2 Qts-per-treated-Acre of that 2L to get any results...?? ...Thats like 2-times the Rate of the 3SL....So...

.... it should be like 1/2 the per-gal-cost then right...??? 👍 😞 🤖

*****Do Ya'll Remember ...**the popular old "'*Time-Frame-Adage*'" that the "Great Lakes Expo" is always the first Full Week of December....???? Well...Look at the Calendar....Dec. 1st is a Sundayso thats the 1st full week, right...???

Butthe Expo is Dec. 9-10-11-12-Mon-thru-Thurs
