## Fruit Ridge Notes - Tuesday - November 3 - 2020

**Hello Friends .... Hoping All is Well With You !!!  
Be sure to Vote Your Faith Today !!!!**

We are Very Happy with All the SunShine Lately !!!  
WunderGround now saying...in Their 10-Day... 8 Days of Sun....  
....Rain maybe Sun.PM. thru Wedn.Noon...???  
Today thru next Monday all 60°F or Higher...  
...Next Wedn. after the Rains, back to the 30\*s and 40\*s.

I know a Couple Apple Guys that are still Harvesting for a couple Days yet...

Some of this Quality is Phenomenal !! 🙏😊😊🙏

I see several Guys Weed Sprayin and also doin their Post-Harvest-appln....

\*\*\*\***Don't Forget ...**Now is the best time to do the Dandelions.... the entire Orchard Floor.... 1 - 2 Pints-Ac. This will also get rid of a whole bunch of other pesky unwanted BroadLeaf-Weeds... Then...when you do your Grass-Weed-Control-Strip.... You have lots of great choices for Residual-Control... Be sure to check your Spray-Shed-Shelf. Lets talk... It would be so very cool to get this done before those possible Rains next week Wedn.PM...

\*\*\*\* **Please Consider** scheduling a Meeting with us...and your Fave RGSs Sales-Rep...and your Fave Manufacturer that has those products that have piqued your Interest. If you deal with the Office directly... that is also wonderful. Call Deanna...Lets set something up... We can Meet You at your fave Lunch Spot...or Coffee Shop...or Dinner Spot...or at your Kitchen Table...

\*\*\*\* **Some Hi-Tech-Huuuge-Performing-Low-Cost-Xtreem-Efficay-Fave Products.... Can be Tank-Mixed...**

This for Tree-Fruits.... When You look at your Shelf in the Shed.... You might be Pleased to know that when you use the Indicate 5 and the InSpray-90, they act as a "Blendex" in your Tank....

So...Products that will get along and Play nice and work hard together.

Looking at several Products used in a Weed-Spray-Mix that some Guys have run successfully ...No Problems..... Great Choices...

**Indicate 5 & InSpray-90....**

**\*\*VitaZyme or\*\*BioShot \*\*DiKaP \*\*GreeFeed-27 \*\*MainStay-Calcium \*\*PeneCAL \*\*H-85 \*\*TriPlexMicro \*\*Rootex \*\*Vintre \*\*OXYCOM Calcium \*\*RootRX \*\*TriplexMagnesium ..... along with several Residual Herbicides.... These Guys use 25 - 50- GWA per Treated Acre....**

For the **Post-Harvest-Foliar-Tank-Mix@ 50 - 75 GWA....** Consider **\*\*DiKaP \*\*GreenFeed-27 \*\*BioShot \*\*CS2005 \*\*Formula-II-SW \*\*BoronXtra \*\*ZincRush \*\*TriplexMicro \*\*TriplexBoron \*\*TriplexZinc \*\*Banx \*\***

You can get Detailed Descriptions of the Redox Products at our Reisters.Net Site ....Go to *Links...* Going to Redox WebSite...

**\*\*\*\* Also--Please Note --- @ Reisters.Net ....** Our Office Hours for the Off-Season

are 9am -- 5pm...Monday thru Friday.

And... Please Keep checking the Reisters.Net for new postings of Details of UpComing Meetings that we will be Hosting.

*Gods Peace .... May our awesome God Save our Nation*

.....
