Fruit Ridge Notes - Wednesday - April 8 - 2020

Hey Pals

Yup1st "Light-Infection" for Apple Scab - 2020 - Started
6.30 pm. Tues-4-7-2020

Very Light-Spore-Discharge---Amy said only a small-percentage of
Spores are Mature...Very Small %%%%

And....

Amy mentioned something very bizarre goin on at Kent City Weather
Station.... Recorded 25 inch Rain...!!?????!! They are fixing that issue
.... If I am near that KC-Station.... I am not really trusting it right now
...for anything....

Just look at the next closest Station and use your own Observances to
make your Judgement-Call....

**** **And.... Joe Brown is our Winner** for guessing the Closest to the
Time of the "1st-Scab-Infection-Sparta-Station--2020" Amazing
...He was within 5 Hr - 30 Minutes of the Start !!!

**** **If You had a CS2005 Appln On...** You have No Sweat with any
F.Blight or Scab Issues...

If the spotty Storm brought "Too Much Excitement" to your Location
...like Hail... ??? ...and you are not yet Covered with "005" ...??? Just
get it on as soon as you can.

With The minimal Green Tissue...with minimal Spore Maturity &
Discharge ...with the Cool-Temps approaching for the next Cupla-
Days... 😊... No Sweat I am not worried bout Scab or FireBlight ...
Butyou should certainly have a "005" on that exposed-
Green... Theres plenty of it now...

**** **The "Symptoms"** from our Light Infection will appear May 4th

**** Hopefully ... Many of You have already Registered

.... OnLinefor the UpComing Webinar Series produced by MSU-
Extension ...Amy and Phil and their diligent Teams

They will conduct these **OnLine**...at your Computer.... or on your
Phone....

Monday thru Friday ...both Weeks of April 13 - 17th and April 20 -
24th

..... **10 -- 1 Hr** - Webinars all at NoCharge but Ya gotta Register
ahead of time. Ya cannot wait til Day-Of....

Do it now Then ...You will receive your "Sign-On-Code" the night

Sign Up...Get Registered.... and then if that Noon-Time-Arrives and
You cannot be available for it, no biggy.
Theres also the ReCert-Points-Available for these 10 Total for
your RUP-Applicators-License...

**** **Nope...The ol CodaPhone** is **not** Comin-Back Amy was
the last Extension Person in the United States to keep operating one
of those til 2017...??? ...2018 ??? No More.... Not even thru this
CVD19-BatCrapCrazy Stuff.....

**** **Yes Indeed The Redox Strategy ...**for Your Crop --
Your Farm ...is ready for You....
Just Call and lets visit about what you Need.... and hopefully you are
joyfully realizing all the old traditional stuff that you are Not-Doing
Anymore...??? ...Because you have "**Stopped-the-Bleeding**"
??? ...Realizing that is saving You a Ton of Hassle and Money
...Tons.

Redox Meeting - Tuesday April 14th 2020
Has been converted to a zoom online seminar so keep an
eye out for a link to register and instructions.

**** **Hopefully You are All Tuned into the MSU-OnLine-**
Offerings???

Lots of hugely Valuable Information-Share
I was looking at Yesterdays "**SouthWest-Michigan Fruit Update-**
Mark Longstroth" and theres a Photo on there of a Beautiful-
Very-Costly Sprayer & Tractor ... Lookn like \$158,000 worth ... and
All thoroughly covered with abrasive Blue-Copper-Sludge-Paint.
Thats something you'll never see from **CS2005 from**
MagnaBon and some of the Real-Deal-Researchers like Dr. Jim
Adaskevich--UC-Davis... have proven that some diseases are
'Resistant' to the old Sludge-Coppers....while in the same Trials
"**005**" controlled the Bacterial-Disease with Flying-Colors-
Outstanding-Success.... !!!! Its just amazing to me that there are
still some Solid-Blue-Sludge-Painted-Rigs around ...!!! 😱 😞

Warmest Regards
